About

- Innovative self-taught software developer with a strong passion for problem-solving, design, and technology. Experienced in full-stack development, specializing in JavaScript, Node.js, and other web technologies. Additionally skilled in copywriting, content writing, and digital marketing. Recognized for leadership abilities, strategic thinking, and a proven track record of successful project execution.

Professional Experience

Full-Stack Developer

Udaipur Military Station

Udaipur, Rajasthan

June 2024 – Oct 2024

- Developed a secure weapon inventory system for efficient distribution and record maintenance, incorporating daily tracking and officer signatures for issuance.
- Empowered Super Admins and room in-charges to manage operations, allocate weapons, and monitor returns seamlessly.
- The system was built using React, Bootstrap, Node.js, Express.js, and MongoDB, ensuring seamless feature integration and smooth execution.

Content Writing/Digital Marketing

Freelance

Udaipur, Rajasthan

Oct 2018 – Jan 2022

- Developed engaging content and persuasive copy for various projects, ensuring clarity and impact.
- Wrote compelling video scripts and provided voiceovers to enhance audience engagement.
- Authored nano tales and blogs, showcasing strong storytelling and creative expression.

Projects

WandWrite

github.com/WandWrite [↗](#)

- Led my team in developing a Notes app, overseeing project execution and feature implementation.
- Developed a note-taking app using SwiftUI, gaining hands-on experience in iOS development.
- Designed and integrated a comment section, enabling students to engage with teachers through real-time discussions.

Level-Up

github.com/Level-Up [↗](#)

- Built a web platform for course browsing, purchases, video lectures, quizzes, and progress tracking.
- Integrated React, Node.js, and MongoDB for a scalable and secure learning experience.

Education

Mohanlal Sukhadia University

Bachelor of Computer Applications (BCA)

Oct 2022 – Present
